## For Those Who Venture Beyond Mobile Coverage

Only ZOLEO works with your phone or tablet to provide seamless global messaging that follows you beyond mobile coverage, and back again. It also includes added safety features you can count on world-wide.

## ZOLEO Enables the Connections That Matter

Being off-the-grid doesn't have to mean being out of touch — or leaving your sense of security behind.

What makes ZOLEO unique is that it transmits your messages over satellite when you have no mobile or Wi-Fi coverage. When you are in mobile or Wi-Fi coverage the ZOLEO App then transmits your messages over those networks, so you never need to stop using the app regardless of what network you have coverage in! The ZOLEO satellite communicator and the ZOLEO App will do this all for you!

*\* When there's no mobile or Wi-Fi coverage ZOLEO transmits the messages over the Iridium satellite network. Iridium provides 100% global coverage, so as long as the ZOLEO is outside with a clear view of the sky, you will never miss a message!*

**Global 2-way messaging** (text, email, app-to-app)

**Check-in** so others know you're OK

**SOS alerting** with 24/7 emergency response centre

**Share your GPS** location

**Get weather forecasts** wherever you are

Make it easy for contacts to **reach you anywhere**

## ZOLEO, for Wherever You Go

### When you're beyond mobile coverage...

Your ZOLEO device connects with our free app, on your phone or tablet, so you can send and receive messages anywhere on the planet via the Iridium satellite network\*.

### When you're within mobile coverage...

Uniquely, the ZOLEO App seamlessly delivers messages over cellular and Wi-Fi. You'll get the message, even if your ZOLEO satellite communicator is turned off, or being used by a friend!

\* When there's no cellular or Wi-Fi coverage, ZOLEO transmits messages over the Iridium satellite network. Iridium provides global communications coverage over 100% of the planet — including landmasses, oceans and airways.

## Global Messaging, as It Was Meant to Be

Use ZOLEO to enjoy a truly seamless global messaging experience from your phone or tablet, at a price you can afford.

- Extends your messaging coverage seamlessly by transmitting over satellite, cellular and Wi-Fi
- Offers a **familiar messaging experience**
- Makes it easy for contacts to reach you via your **dedicated ZOLEO SMS number and email address**
- Priced to ensure you **enjoy more value for your dollar** versus other Iridium-based communicators
- Very low monthly suspension fee to keep your 04 number and ZOLEO email when your not using your ZOLEO.

## Safety Features for Peace-of-Mind

When ZOLEO users trigger an SOS alert, they can rest assured that the expert 24/7 global emergency response coordination service will confirm their alert and notify the appropriate first responders.

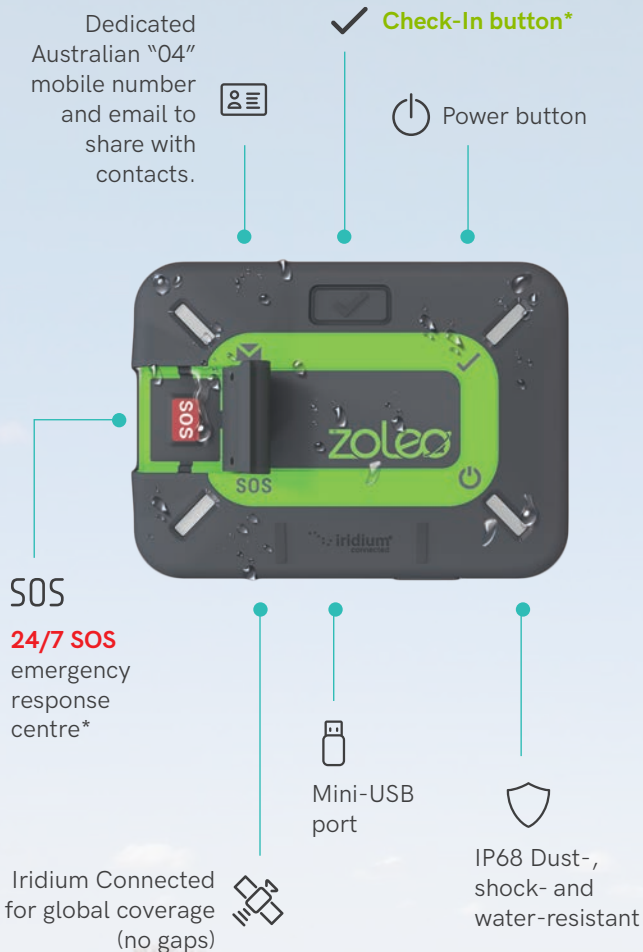

## The Progressive SOS Difference

With progressive SOS from ZOLEO, users automatically receive progressive status updates throughout an emergency incident. From the moment they press SOS, users will receive step-by-step updates via the app and be able to exchange messages with the emergency response coordination service.

## Getting to Know ZOLEO

Compact and durable, ZOLEO has a long-lasting battery and superior water-resistance (IP68). You can count on it wherever you go.\*\*

## Additional Specs

### Physical

- **Weight:** 150 g (5.3 oz)
- **IP68:** dust- and water-resistant (to 1.5 m (4.9 ft) for 30 min.)

\*SOS and Check-in work directly from the device, or via the ZOLEO App.

\*\* 2-year warranty for total peace of mind.

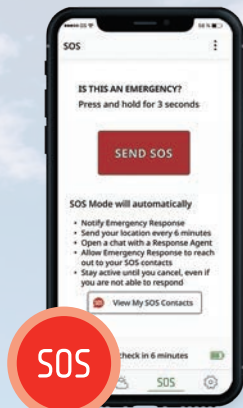

## ZOLEO Mobile App

Our free app\* is the key to all of the awesome global messaging and safety features of ZOLEO.

### Messaging

Send and receive messages anywhere on earth (SMS/text, emails and app-to-app)

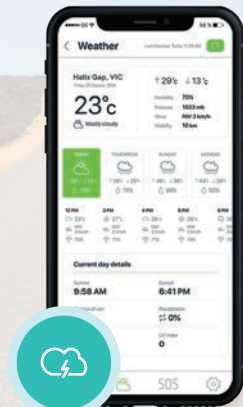

### SOS Alert

2-way SOS messaging with 24/7 global emergency monitoring service.

### Check-in

Let others know you're OK with one press. Include your GPS location coordinates, if desired.

### Weather

Get hyper-local weather forecasts on demand, for your location.

## ZOLEO Mobile App - Add-On Features

### Usage Alerts & Top-Up Bundles^

ZOLEO users on the Basic or In-Touch plans will receive alert notifications and offer optional message Top-Up Bundles. Top-Up's can be purchased in 20 or 75 message bundles and help avoid excess usage charges.

### Share Your Location

Location Share+ (add-on subscription)\*\* enables ZOLEO users to share their location with their Check-in contacts, on a user-selected interval from every 6 minutes to 4 hours. ZOLEO users and Check-in recipients will be able to use the free ZOLEO app to view the current location and breadcrumb trail on a map. ZOLEO users can start/stop location sharing any time, and also download maps for use offline. Location Share+ is an optional add-on subscription, that includes unlimited Location Share+ and Check-in messages!

Let others know where you are with these standard features:

### Share Location

Share your GPS coordinates and breadcrumb history in a message.

### Automatically

include your GPS coordinates with check-in messages (optional).

\* Available in 8 different languages

\*\* Additional charges for the bundles apply; can be cancelled any time.  
^ Top-Up Bundles are non-refundable.

## Accessories

### ZOLEO Cradle Kit

Secure the ZOLEO device for quick access on a belt, strap or any accessory with a camera-mount. The cradle locks ZOLEO in place when used with the interchangeable inserts.

#### Includes

- Main cradle
- Belt clip insert
- Strap infill insert (fits widths up to 2.5 cm (1 in))
- Camera mount insert

### ZOLEO Universal Mount Kit

Secure and charge the ZOLEO device on the windshield of a vehicle or vessel, or any window. Includes the complete Cradle Kit, plus a USB car charger and RAM® Twist-Lock™ Suction Cup Mount for a strong hold on any glass or non-porous plastic surface.

#### Includes

- RAM® Twist-Lock™ Suction Cup Mount (with 1/4"-20 threaded camera adapter and adjustable double socket arm)
- USB car charger, for use with any 12-24 V power source
- Micro-USB cable, 1.2 m (3.9 ft)
- ZOLEO Cradle Kit

### ZOLEO Float

The bright and buoyant ZOLEO float is specifically designed to keep your ZOLEO device visible and safe in the water. Complete with a stainless-steel ring, the ZOLEO float can be attached to your ZOLEO device (with or without the cradle and insert) to keep it safe and afloat when submerged in water.

#### Specifications

- Weight: 10 g (0.35 oz)
- Float (LxWxH): 37 x 121 x 26 mm (1.45 x 4.76 x 1.02 in)
- Ring diameter: 30 mm (1.18 in)

Who is ZOLEO Perfect for?

Anyone who ventures beyond mobile coverage...

Living near fringe coverage zones

Back-country enthusiasts

International travellers

Anyone who works beyond mobile coverage...

Travelling to remote clients or sites

Remote lone workers

Mariners, fishermen & crew

Global business travellers
